FOR THE SECTION

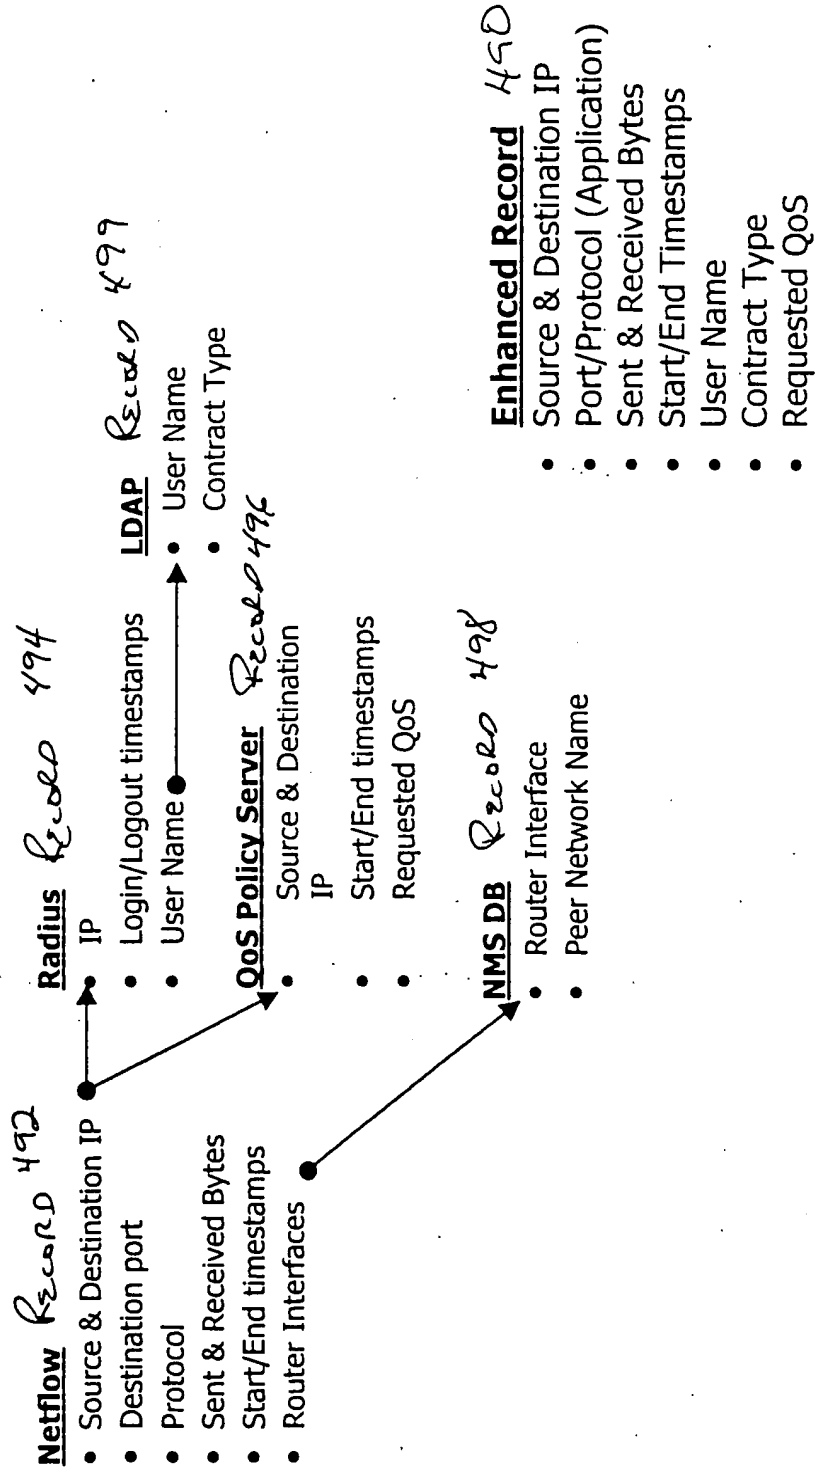

Figure 4B

FIGURE 5

The diagram illustrates a network architecture with three main cloud environments, each containing a Mediation System, Detailed Accounting database, Mail Server, Router, and Firewall. The clouds are interconnected by a central lightning bolt, and each cloud is also connected to a central server rack icon.

- Boston (System C10):** Contains a Mediation System, Detailed Accounting database, Mail Server, Router, and Firewall. It is connected to a central server rack icon.
- Atlanta (System G20):** Contains a Mediation System, Detailed Accounting database, Mail Server, Router, and Firewall. It is connected to a central server rack icon.
- NY (System G30):** Contains a Mediation System, Detailed Accounting database, Mail Server, Router, and Firewall. It is connected to a central server rack icon.
